NOT ALL STEELS
ARE CREATED EQUAL

THE QUEST FOR PERFECTION

THE JOURNEY OF MAKING A PERFECT PRODUCT BEGINS WITH FINDING THE PERFECT ORE THAT MAKES THE PERFECT STEEL. WE ROAM THE GLOBE TO ENSURE ONLY THE FINEST STAINLESS STEEL FINDS IT'S WAY TO YOUR HOME.

MEZUCCI ITALIA

**AND THE PERFECT STEEL IS
JUST THE BEGINNING.
ON TO THE WELL KEPT
SECRET.**

THE METAMORPHOSIS

ONCE WE'VE FOUND THE PERFECT STAINLESS STEEL, IT BEGINS IT'S METAMORPHOSIS. WHAT WAS ONCE JUST AN ORE, IS ABOUT TO FIND IT'S PURPOSE. OVER 50 YEARS OF REFINING AND RESEARCHING HAS LED US TO A FLAWLESS FINISH. AND THE PROCESS IS A WELL KEPT SECRET.

MEZUCCI ITALIA

THE BEACON OF
EXTRAORDINARY EFFORT

Design is to civilization as civilization is to life. As we evolved as human beings, we went on to create civilizations. And as civilizations reached their advanced stages, the development of design became an inevitability. Design soon became the beacon of extra ordinary effort. The effort to make the world a beautiful place. A well functioning place.

We often approach products, both new and existing ones, with a goal of breaking the barriers of thoughts that have engulfed them and shaped them into their current existence. It is this approach that has led us to introduce some of the products that world hadn't yet seen. Our intent is to reinvent the necessities. Rethink them. Recreate them to meet audacious levels of perfection.

MEZUCCI ITALIA

LET THERE BE **DESIGN**

AN EXCEPTIONAL METAL

Simply put, stainless steel is a superior metal. It holds its finish and luster longer, shines better and is the original finish that most plated products try to emulate. It is the real deal.

While most products are plated with chrome or nickel, both these metals are present in relative abundance in stainless steel and hence it requires no plating. It is one of the hardest to polish and finish and that is one of the chief reasons why it holds its finish much longer.

MEZUCCI ITALIA

MEZUCCI
ITALIA

WELCOME TO
THE ERA OF
STAINLESS STEEL
ACCESSORIES

ECO-FRIENDLY,
LOW CARBON FOOTPRINT.

Stainless steel is a green product. It is the endorsed material for green building the world over. With a minimal impact on the environment and it's incredible longevity, it is a go-to material for sustainable living.

It is 100% recyclable and has amongst the lowest of CO₂ emissions required for production. It's carbon footprint is significantly smaller in comparison to most metals. To take all this a step further, it is virtually maintenance free which further lightens it's life cycle impact on our planet.

MEZUCCI ITALIA

**GO GREEN.
STAINLESS STEEL IS
SUSTAINABLE &
ECO-FRIENDLY**
